

OREGON YOUTH SOCCER

SEASONAL YEAR

2024 - 2025

***“IN ANY GIVEN MOMENT WE HAVE TWO OPTIONS: TO
STEP FORWARD INTO GROWTH, OR STEP BACKWARD
INTO SAFETY”***

-ABRAHAM MASLOW
AMERICAN PSYCHOLOGIST

2024 / 2025 SEASONAL YEAR THE YEAR AHEAD

Club Admins & DOCs,

Our member clubs can continue to grow and develop players when they are given the tools to do so, and a push in the right direction.

In our traveling road show with this calendar, we received a huge amount of positive feedback, as well as some fantastic change requests. You have all been a huge part of this change, and we cannot thank you enough for your demand for us to improve, too.

This document, along with our Club Standards Initiative, will lead Oregon to become the most educated, organized, and respected league in Region IV by 2028.

We can do that by focusing on a few key points that determine how successful our clubs and, by definition, emphasizing those key markers as a sign of success within an organization.

The main goal of producing this yearlong calendar is to give our members the ability to plan their entire seasonal year in the summer. We have introduced new programming, new events, and made some changes to our cup competitions. We have placed a premium on coaching education and the ongoing push for excellence in our league. We have also added specific requirements, and a new format to our Premier Gold and Silver divisions to enhance our best teams and challenge them to be better still.

All this will enhance all our missions, which is to get more kids playing soccer, for longer, in better environments, and at a higher level.

-Oregon Youth Soccer

GOALS

24/25 SEASONAL YEAR

- **Player Retention**
Our goal is to have more players stay in soccer year-over-year. We can achieve that through a better experience.
- **Coaching Improvement**
Our goal is for Oregon coaches to have access to the tools they need to provide players with the best playing environment possible.
- **Family Consideration**
Our goal is to balance family fatigue through periodic breaks and age-appropriate scheduling
- **Accountable Playing Environment**
Holding our standards high when it comes to the game day experience starts with the facility requirements, and game participants from the coaches, players, fans, and referees
- **Challenge Club Administration**
By providing access to tools to help clubs operate efficiently, we can expect higher standards off the field as well as on

WHAT ISN'T CHANGING

24/25 SEASONAL YEAR

- **Your Game Count**
You will not lose any games with this new schedule. There have been some shifts, and some realigning of divisions, but your game count stays the same.
- **Your Cup Competition Options**
State, Presidents & Founders is all there! United Cup is back as well.
- **Registration Platform**
We've pushed our system to make changes to make us more efficient.
- **Coaching Education Emphasis**
You will see a renewed push to focus squarely on coaching education and have made this a central focus this coming year.
- **Our Seasonal Year**
It still starts in September, and still ends in May. There are some tweaks along the way, but the game dates fall within the range everyone is used to.
- **Your Staff Support**
OYSA Staff is here to support all member clubs with the huge variety of questions and issues that arise during the year.

WHAT IS CHANGING

24/25 SEASONAL YEAR

- **Scheduling & Rescheduling**
We will give you more of your schedule, sooner, and with clear direction and transparency as you have asked.
- **Frequency of Games**
For our older age groups, we've minimized the risk for injury by reducing the frequency without reducing the number of games.
- **Accountability**
This calendar is a working document. 2025/2026's version will continue to evolve as we make our way through this year. Change is hard, but necessary.
- **College Days**
We'll have college exposure within our league programming now with a centralized location for our oldest groups during the Spring season.
- **Olympic Development Program**
This has been changed significantly to adjust to the changing landscape and to place ODP back firmly into the identification landscape for players.
- **Fees**
We have raised our fees by around 4-5% in most cases. We are still overwhelmingly less expensive than other leagues available to clubs but acknowledge that the cost of doing business has risen, too.

OUR COMMITMENT TO YOU

24/25 SEASONAL YEAR

We have been fully transparent with our member clubs throughout this process. The conversations have been honest, productive, and have revealed more in common among clubs than not.

The majority of you have expressed excitement about seeing this through the 24/25 seasonal year. The others will be walking with a skeptical eye, and that is completely fine, too. Change, no matter how small, is uncomfortable, and we want to be held accountable to you based on the success of these changes.

Our commitment to you is being willing to evolve over time. This schedule is unlikely to remain in place for the next decade, or even five years. Parts of it will need to be re-evaluated throughout the year, and that means we need to listen to our members and ensure that the product we put out meets the needs of the vast majority of them.

FALL
2024

**U11 – U14
PREMIER
GOLD – FALL**

DIVISION REQUIREMENTS U11-U14 PREMIER GOLD - FALL

12 -GAME COST: \$1,080

REFEREE EDUCATION EVENTS

IMPORTANT DATES REFEREE EDUCATION EVENTS

REFEREE CERTIFICATION TRAINING DAYS

- 8/5, 8/7, 8/9, 1/11, 1/19, 2/1

Certification will take place across the state on these days.

Having clubs participate in referee training is crucial to the ongoing effort to add more referees to our state, and foster opportunities outside of playing the game for our high school aged players.

There will be no soccer played on these days to allow players to participate.

TRYOUTS

IMPORTANT DATES TRYOUTS
